

Microsoft Office 365 - Teams Online modules 90 minute sessions

Overview

Office 365 is Microsoft's cloud based subscription service. These sessions will educate users in the basics of using Office 365 and its MS Teams services and covers the role of Teams, Channels, Chat, File management, Meetings and Settings.

Audience

Users working with Office 365.

Course Objectives

By the end of these four sessions, delegates will be able to:

- Create and Manage a Team's user base
- Work with Channels and Chat to colleagues
- Communicate with colleagues via chat, audio and video meetings
- Manage file storage and collaborate on documents
- Manage settings and integrate with SharePoint and other Apps.

Prerequisites

Delegates should be familiar with Microsoft Office, Office 365 and Windows.
